

# 30 Watt Solar Panel Kit

SOLAR KIT: M75-SLRPN-030W

## 30 WATT SOLAR PANEL KIT FDR TRAFFICALM® FLASHING SIGN SYSTEMS

TrafficCalm® Flashing Sign Systems solar kits are specifically designed to provide extensive flexibility in all its applications and provide year-round operation of the system. We have a multitude of solar kits and will make sure you have the right sized system for your particular location using our sophisticated solar calculator that takes into account the amount of sunlight [insolation], temperature, and cloudy days experienced by month and the power draw of the particular model of Flashing Sign System chosen.

## FEATURES

### Complete Kit

Includes the solar panel, panel rack, and heavy-duty mounting bracket.

### Easy Installation

No trenching required for cables. Utilizes industry standard hardware and mounting techniques. Consistent connectors and fasteners compatible with all TrafficCalm® Flashing Sign Systems.

### Environmentally Friendly

Utilizing solar energy combined with the low-power draw of Light Emitting Diodes (LEDs) in TrafficCalm® Flashing Sign Systems, these solar kits are the environmental choice for our planet, while helping make our roadways safer.

### 5-Year Warranty

5-year limited warranty on the solar kit.

### Made in the USA

TrafficCalm® Solar kits are manufactured in the USA in an ISO 9001:2015 certified facility. In addition, we provide you unlimited technical phone support for the life of the unit. Build America/Buy America Compliant.
